Lady Garr,

We, the Wiccan community here at Petersburg Low, would like to thank you very much for the time, effort and inspiration that you gave to us with your recent visit. Your Mabon service and words of wisdom were the highlight of our season and a real blessing from above. Many of us had not ever had the opportunity to experience a ritual on the outside, and for those you brought hope and inspiration. The rest of us enjoyed being reminded that we are still part of a bigger circle, even in here.

So we just wanted to send you a note thanking you and your fellowship at Mother Earth Ministries, for all the work and effort that you put forth, not just the small kindness you showed our circle with your visit. Please remember us fondly to outside circles. Their blessings and energy would go a long way to help us feel less isolated, and who knows! They might come and visit us too!

We look forward to using your song sheet and the other examples you left for us with your teachings. We feel truly blessed by your visit and the echo of the goddess that you brought with you into our circle.

Thank you again for your time, and know that you are very welcome by our circle, should you ever find your path turning in this direction again.

Blessed Be.
